PROFESSIONAL SUMMARY

Motivated B.Tech Computer Science & Engineering student and aspiring Full Stack Developer with hands-on experience in HTML, CSS, JavaScript, React.js, Git/GitHub and UI/UX design. Completed a web development internship and built responsive web projects. Currently developing a SmartHardware Store web application and strengthening DSA and problem-solving skills in C++.

TECHNICAL SKILLS

Languages: C++, JavaScript, Python (Basics), HTML5, CSS3
Frontend: React.js, Responsive Web Design, Tailwind CSS
Backend: Node.js (Basics), REST APIs, Python Flask (Basics)
UI/UX: Figma, Wireframing, Prototyping, User Research
CS & DSA: Data Structures & Algorithms, OOP, Problem Solving
Tools: Git, GitHub, VS Code

EXPERIENCE

YHills — Web Development Intern | Jun 2024 – Aug 2024

- Developed an e-commerce website using HTML, CSS and JavaScript.
- Implemented responsive layouts and interactive front-end functionality.
- Practiced debugging and version-control workflow.

PROJECTS

Real-Time Weather App — HTML, CSS, JavaScript

- Developed a responsive weather application that fetches real-time weather data using a weather API.
- Implemented city-based weather search with weather information including temperature, humidity, wind speed and conditions.
- Designed a user-friendly responsive interface for desktop and mobile devices.

To-Do App — React.js

- Built a task-management application using React.js with useState and useEffect.
- Implemented task creation, deletion, completion tracking and local data persistence.

SmartHardware Store — Full Stack Web Application (Developing)

- Building a web application for a hardware store with a focus on responsive UI/UX and improved customer browsing experience using HTML, CSS, JavaScript and React.js.
- Planning backend integration and AI-assisted customer support features as the project evolves.

EDUCATION

JB Institute of Technology, Dehradun | B.Tech — Computer Science & Engineering | 2023 – 2027 (Expected)

CGPA: 7.05/10 | Relevant Coursework: Data Structures & Algorithms, OOP, Web Technologies, Database Management

ACHIEVEMENTS & ACTIVITIES

- HACK-A-THON 2024 participant (16–17 Feb 2024); collaborated on a civic web solution for reporting full garbage bins to the Nagar Nigam.
- Completed online learning in Full Stack Web Development covering HTML, CSS, JavaScript and React.
- Actively practicing DSA and problem solving in C++.

CERTIFICATIONS

- 45-Hour Add-on/Certificate Course in UI/UX Designing — JB Institute of Technology in association with Ensino R&D | 2–12 Dec 2024
- YHills Internship Certificate — Jun 2024 to Aug 2024
- Web Development / Full Stack Development coursework — Online learning
